Raising awareness towards the environmental impact of daily actions and the importance of their compensation

Each person has an **ecological footprint** that should be compensated for the sake of the ecological, social and economical balance. IMPRINT+ project aims at the promotion of an ecological reasoning based on the changing power of local community and on the participation, empowerment and **entrepreneurship of young European citizens**.

**A certified training course** for teachers, technicians and youth workers

**Tutorial for independent assessment** of ecological impacts and design of compensation measures

**Tutorial for young green entrepreneurship**

**Web App** that converts your actions with negative impacts on the planet into suggestions of activities with positive impacts including interactive map and gaming feature.
